If you are looking for up-to-date information on the film industry, then I take this opportunity to invite you to join us for the 2009 AIMC.

This year sees a new home for the annual AIMC - The Pavilion Convention Centre, based at Conrad Jupiters, Broadbeach Island on Queensland's Gold Coast. This exciting new venue offers us the opportunity to conduct all activities of the convention under the one roof - distributor product presentations and screenings; allied trade show; seminars; awards and networking functions - with the added bonus of being located in the heart of Broadbeach with its shopping, dining and beach facilities just minutes away!

We are delighted to welcome **Mr Mark Zoradi**, President, Walt Disney Motion Pictures Group who will be giving us the most up-to-date information from Hollywood.

Each year our industry faces new challenges - the current major technical focus is on Digital and 3D installations. There is no better place to be than the AIMC to see and hear first hand how this revolution will affect our cinema business; what other advances are happening in our industry; how to benefit from these threats and opportunities; and to present a united voice that will ensure our industry will continue to prosper.

I urge you to participate in this year's event so we can all work together to meet the challenges of the future.

Please consider this as one of the most valuable investments you will make in your business for the year ahead.

Our early bird full registration offer of AUD\$880 (inc GST) finishes on 17 July so [book on-line](#) now and save!!!

I look forward to seeing you at this year's AIMC.

Kind regards

RICHARD J. PARTON

President, The Motion Picture Exhibitors' Association of Queensland (Inc.)
