

February 23, 2010

Dear Exhibitors

The move to Conrad Jupiters last year resulted in one of the best conventions.

The 2010 Movie convention will again be held within the new environment of Conrad Jupiters and the Australian Independent Distributors Association is looking forward with even greater enthusiasm than ever to welcoming you to our presentation and dinner, which we think is a convention highlight.

Independent film distributors have brought you many of the most critically acclaimed titles this year; and their box-office is a significant part of the total exhibition box-office. The independent film catalogue in 2010/2011 continues maintaining this commitment to quality cinema with features and documentaries from new and exciting directors as well as directors whose reputations remain unchallenged.

Please join us for dinner and our presentation on a date to be advised. It will be our pleasure to welcome you in celebrating film; independent film which always offers audiences the wonder of surprise, the excitement of originality, the drama and fun of brilliant writing, the craft of great acting and the opportunity to be entertained by the masters of contemporary cinema in all its forms..

Please consult the official website www.movieconvention.com.au for bookings and regular updates on all the events for 2010.

Sincerely

Robert Slaviero and Natalie Miller

On behalf of the members of the Australian Independent Distributors Association
